

Be Ready 

Be Respectful 

Be Safe 

What is the definition of 'EQUALITY'?

Is equality always 'fair'?

Discuss.

Can you name these 2 people?

What did they have in common?

Equality

What does this word
mean to you?

Equality means that everyone has the same chances or gets the same treatment. Everyone is treated **equally**.

That's fair
isn't it?

Something to challenge your thinking...

What if shoe companies made shoes in only a size 6?

What if opticians made reading glasses with the same prescription for all?

What if clothing shops only made clothes in one size?

Is this fair?

Everyone has been given the 'same' bike.

Be Ready  Be Respectful  Be Safe 

What is the
difference
here?

Equity

Equity means that everyone has the same chances - just like equality - but equity also means considering different people's situations so that they really are treated fairly.

EQUITY

EQUALITY:

Everyone gets the same—regardless if it's needed or right for them.

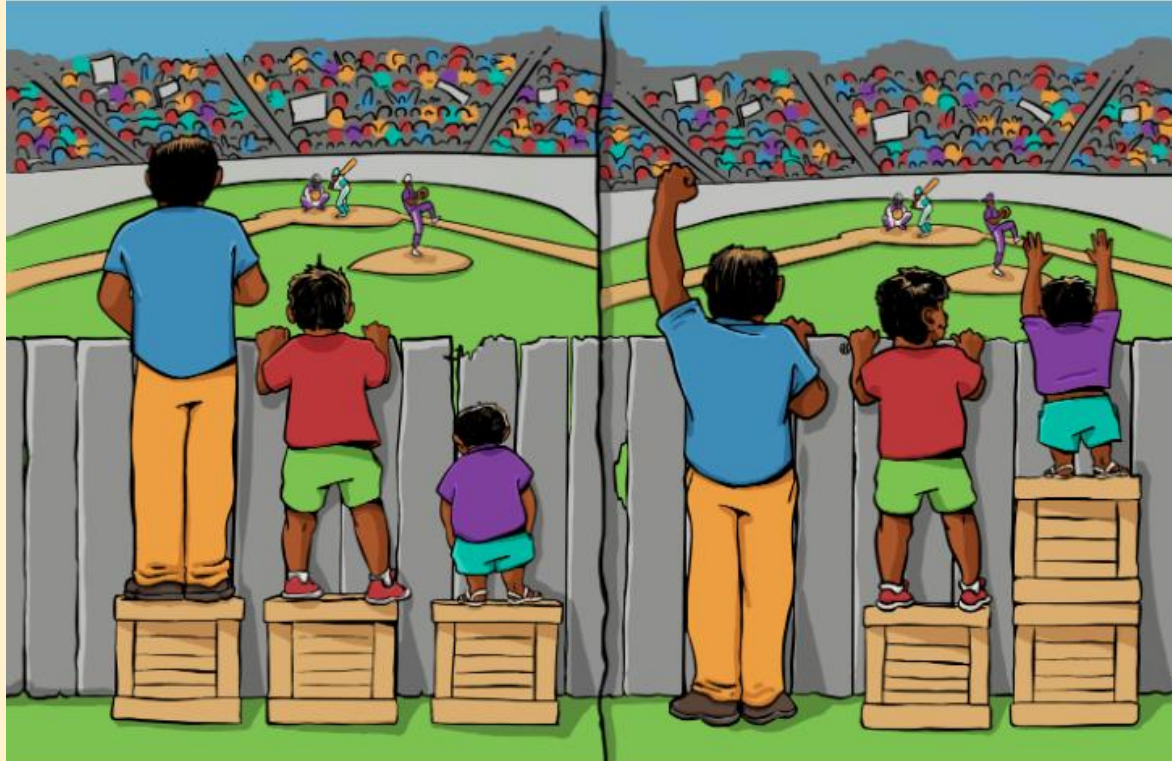

EQUITY:

Everyone gets what they need—understanding the barriers, circumstances, and conditions.

Which picture shows EQUALITY and which shows EQUITY? Explain how you know.
